SMITHSONIAN INSTITUTION

FY 1984

UNRESTRICTED TRUST FUND BUDGET
(with Summaries of All Operating Funds FY 1983 - FY 1985)

Introduction

The purpose of this publication is to provide detail information (i.e. monthly breakdown of the auxiliary activities budgets) for the unrestricted Trust funds, and to provide a summary of all operating funds (Federal and Trust) which reflects detail funding information. Narrative which describes the nature and uses of these funds is contained in the Five-year Prospectus and Federal budget justifications to the Office of Management and Budget and the Congress. This publication is issued in October of each year and contains estimates for the prior fiscal year (in this case--FY 1983), budgets for the current fiscal year, and estimates for the next fiscal year. An updated version is issued in January reflecting the actual prior year costs.

I. The chart presented under TAB A provides an overview of the FY 1984 unrestricted Trust fund budget, projected FY 1983 and estimates for FY 1985 through FY 1989. Figures shown for FY 1983 - FY 1989 are in agreement with those indicated in the Five-Year Prospectus FY 1985 - FY 1989.

IIa. The tables presented under TAB A include all unrestricted Trust funds exclusive of Special Purpose funds.

The FY 1984 General Unrestricted Trust budget reflects a balanced budget. Overall net income from all unrestricted sources is projected to decrease by \$340,000 from the FY 1983 projected income level of \$15,430,000 to \$15,090,000.

All salary and benefit requests have been increased to reflect an anticipated 4 percent general pay raise in January 1984 compared with the zero percent previously projected. However, an adjustment will be made by the Office of Programming and Budget if the actual pay raise is significantly different. The procedure currently in effect that requires rejustification of vacant positions before a replacement is authorized will continue.

The FY 1984 budget provides for the continuation of Institutional priority programs such as Collections Acquisition, Scholarly Studies and Education Program (\$2,200,000); Quadrangle Development (\$2,700,000); Collaborative Education Program (\$75,000); and transfers to the Endowment (\$2,521,000). The Fellowships and Visiting Scholars Program is funded at a level of \$1,410,000. The FY 1984 budget includes an estimated \$300,000 in revenues expected to be generated and transferred from the National Air and Space Museum Special Purpose funds to the General Unrestricted funds.

IIb. Under TAB B, the monthly breakdown of the FY 1984 General Unrestricted Trust fund budgeted revenues and expenditures is displayed. This breakdown will assist in monitoring and reviewing individual unit's adherence to the budget during the fiscal year.

III. The Summaries of All Operating Funds FY 1983 - FY 1985, shown under TAB C, include a listing of Smithsonian funds by name and number for each bureau (excluding non-operating funds such as construction, foreign currency and endowment principal). The Expenditures by Fund Category for each organization summarizes the expenditures in FY 1983 - FY 1985 by fund category--Federal; General (Administrative, Program Allotment and Auxiliary Activities); Special Purpose (Special Purpose - Bureau Activity and Special Purpose - Other); Restricted (Endowment Income, Gifts and Foundation Grants); and Federal Grants and Contracts. The information in TAB C, which is also in agreement with the five-year forecast of expenditures, consists of projected income and expenses for FY 1983, FY 1984 budget and FY 1985 estimates. In a few cases, adjustments are noted which reconcile the numbers in the unit's submission to the Five-Year Prospectus. The FY 1984 Federal figures represents the request to Congress.
