Biological invasions and interactions between hosts and their parasites in

Naos Marine Lab and Galeta Station

DEPARTURES

Matthew Larsen

To Seattle, Washington To meet with STRI Donors

Ira Rubinoff

To Washington For meetings at SI

Ross Robertson

To Santa Marta, Colombia To present a talk at an ichthyology course

Helene Muller-Landau

To Princeton, NJ and Washington, DC For developmental training assignments

Rachel Page

To Austin, TX

To meet with colleagues, discuss progress on current NSF grant

Ricardo Moreno

To Bogota Colombia

To attend the Mastozoology Congress

Jefferson Hall

To Denver, CO

For a meeting with NSF Sponsor for the Agua Salud project

Catherine Potvin

To the Alto Bayano Region For a visit with 4 representatives of the Margaret Cargill Foundation

Owen Mcmillan

To Peru

To collect butterflies for my research into speciation in Heliconius butterflies

Carlos Jaramillo

To Seattle WA

For meetings with donors to talk about future collaborations

Andrew Altieri

To the Bocas Research Station

To monitor and establish field experiments at field sites

Sharon Ryan

To Washington DC

For the Workshop: Conservation Commons

Raineldo Urriola, Anabelle Arroyo

and Vanessa Bernal

To Fortuna, Chiriqui

For a site visit for inspection and bring equipment

Federico Davis and Mario Bailon

To Colon (Agua Salud)

To measure transects on secondary forest

Aaron O'dea, Brigida De Gracia and Felix

Rodriguez

To the Dominican Republic To collect fossil shark dermal denticles from Dominican Republic

Sean Mattson

To the Dominican Republic

For the multimedia coverage of O'Dea Lab paleoecology projects
