

Chapter 6

BIBLIOGRAPHY OF ALDABRA

D. R. Stoddart

Department of Geography, Cambridge University

This Bibliography of Aldabra must be incomplete, since systematic searching of the literature has yet to be made for Aldabra references in many fields, particularly in history. It concentrates on recent scientific literature, but again, though a fairly intensive search has been made, many items must have been missed. It is likely, however, that no important item pertinent to the ecology of Aldabra has been missed. Specialist papers from the major expeditions are only cited if they contain records from Aldabra, though no attempt has been made to give complete coverage of purely taxonomic papers naming Aldabra species. This Bibliography also contains a number of items which are cited in Chapters 1, 2 and 3 of this Bulletin, but which do not specifically refer to Aldabra, and these are marked with an asterisk*.

- Abbott, W. L. 1893. Notes on the natural history of Aldabra, Assumption and Glorioso Islands, Indian Ocean. *Proc. U.S. Nat. Mus.* 16, 759-764.
- Anonymous. 1879. (Aldabra.) *Geographischer Monatsbericht: Afrika*. Petermanns Mitteil. 25, 362.
- Anonymous. (c. 1920). Aldabra: a coral island pot-pourri, dealing with the natural history and physical geography of certain coral islands in the Indian Ocean. Typescript manuscript, 14 chapters separately paginated, totalling 154 p. Copy in Tring Museum, British Museum (Natural History).
- Aurivillius, C. 1909. Lepidoptera, Rhopalocera und Heterocera (pars I) von Madagascar, den Comoren und den Inseln Ostafrikas. In A. Voeltzkow, *Reise in Ostafrika in den Jahren 1903-1905*, *Wissensch. Ergebn.* 2, 309-348.
