### SEMINARS

No luncheon seminar on Tuesday, August 20.

STEPHEN KELLERT, a sociologist from Yale University, will give a seminar on Monday, August 26 at 12 noon in the Ancon Conference Room. (Title to be announced).

### ARRIVALS & DEPARTURES

August 18 - Returning, ROBIN FOSTER, to continue studies on Barro Colorado Island until October 30.

August 19 - Arriving, DAVID DENLINGER, Ohio State University, to study mechanisms of dormancy in tropical insects. He will be accompanied by his son and they will stay until August 27.

August 19 - Leaving, JEFF BURGETT, returning to the U.S. after being employed as a biological technician at Galeta for two years.

August 20 - Leaving, JIM KARR, on official business at the Smithsonian Institution, Washington, D.C. He will return August 23.

August 22 - Arriving STEPHEN KELLERT, Yale University, for a 4-day workshop to outline a research program on the socio-economic and cultural background of Panamanian social groups for the successful implementation of Iguana Management Project techniques.

August 23 - Arriving, PHYLLIS COLEY and TOM KURSAR, University of Utah, to study patterns of leaf development in tropical species and its implications for carbon gain and herbivory. They will be on BCI until December 1st.

### NEW STRI I.D.'S

ALCIBIADES CEDEÑO

Naos

GISELLE MORA  
STRI Short-term Fellow  
BCI

KIM ANDERSEN  
Visitor  
San Blas

### JOB MOVES

PETER W. GLYNN has officially resigned from the STRI Scientific Staff effective August 17. Dr. Glynn has accepted a faculty position at the University of Miami's Rosenstiel School of Marine and Atmospheric Science.

CARLOS BRANDARIS, formerly working on BCI as a research assistant to Dr. Henk Howe, will now work for RENARE as acting director of the Darien National Park.

DANIEL SUMAN, a former Smithsonian fellow, and presently a fellow at the National Research Council's Board on Science and Technology for International Development, has been offered a faculty position at Boston University.

### POTENTIAL FACULTY FOR OTS COURSES

Barbara Benteley, Vice President of Education for the Organization for Tropical Studies (OTS), is updating the file of potential faculty persons for OTS courses, particularly the new agricultural ecology program. Anyone interested in being included should obtain an "OTS Potential Faculty" information card from G. de Alba at Ancon.

### REMINDER

Due to repairs, certain areas of Panama City will be without water from 7 pm Saturday, August 17 through 7 pm Sunday, August 18. Check newspapers for exact details. (The Canal area is not included.)

### SENT

To BCI: something to enliven their restrained social lives.
