

**SEMINARS - ANCON CONFERENCE ROOM**

On Tuesday, May 17, the noon seminar speaker will be JACK PETERSEN, Gorgas Memorial Laboratory.

Management Plan for Maje Island, a Biomedical Research Station.

ABSTRACT: Maje Island is a biomedical research station located in the man-made Bayano Lake and managed by Gorgas Memorial Lab. The objectives of the master plan for Maje include the conservation of the forest resources, and support for tropical medicine, research, education and training.

NEXT WEEK

On Tuesday, May 24, the noon seminar speaker will be PHILLIP DE VRIES, University of Texas.

Ant-Associated Butterfly Caterpillars: the Emerging Evolutionary Patterns.

ARRIVALS & DEPARTURES

Expected to arrive this week, JAE CHOE, Harvard University, to continue his study of mating systems and social evolution in Zoraptera.

May 15 - Departing, ELENA LOMBARDO, for Washington, D.C. on official business until May 26.

May 15 - Departing, ALAN SMITH, for Washington, D.C. and Miami on official business until May 22.

May 16 - Arriving, KAORU KITAJIMA, University of Illinois, to do a comparative study on structure and function of cotyledons among tropical tree species. She will be on BCI until August 15.

May 16 - Arriving, GLORIA VILLARREAL, Universidad Nacional Federico Villarreal, Peru, to work on the classification of stone tools from archaeological sites for the Santa Maria River Project. She will be at Naos until August.

May 16 - Arriving, ROBERT SRYGLEY, University of Texas, to continue his study on the association of flight behavior, thermal biology and palatability in butterflies (Heliconiinae).

May 18 - Departing, GEORGINA DE ALBA, for Washington, D.C. on annual leave and official business until May 29.

NEW POSTDOCTORAL FELLOW

THEODORE DUDLEY has accepted a three-year postdoctoral position in physiological ecology at STRI, beginning July 1st.

FROM THE COMPUTER SPECIALIST

For SYSTAT users interested in the new upgrade, request forms are on their way. Under the site license the price of the software upgrade is \$100. The graphics package costs \$50 extra.

FROM THE DIRECTORS OFFICE

Dr. Karr will be in the field for most of the week of May 13-19.

COLLABORATION REQUESTED

Dr. Samuel James (Dept. of Biology, Maharishi International University, Fairfield, Iowa 52556) is requesting specimens of adult earthworms from Central America for his work on the systematics of neotropical earthworms.

SITES EXHIBIT

The Smithsonian Institution Traveling Exhibition Services (SITES) in cooperation with the WWF has organized the exhibit "Tropical Rainforests: A Disappearing Treasure". The exhibit opens May 21, 1988 - January 2, 1989 in the S. Dillon Ripley Center, Washington, D.C.

FOR SALE

1980 Toyota pickup truck, diesel, excellent running condition. \$2500, to be sold at the end of May. If interested contact J. Davis, Ancon Building.

35HP Evinrude motor, 6 passenger Zodiak and trailer. Call L. Motta, 26-1182 evenings.

CURSOS / COURSES

CATIE anuncia su Quinto Seminario Movil Internacional sobre Manejo de Areas Silvestres con el tema Interpretación y Educación Ambiental. El curso tendrá lugar en noviembre 1988 (3 semanas).

CATIE también anuncia su Undécimo Curso Especial sobre Planificación y Manejo de Areas Silvestres del 30 de mayo al 18 de agosto 1988, en Turrialba, Costa Rica. CATIE, Turrialba 7170, Costa Rica.

NOTE OF INTEREST

Marta Lucia Martinez, former STRI Exxon Fellow, and Kentwood Wells announce their wedding ceremony on June 1st.
