SMITHSONIAN INSTITUTION

FY 1983

UNRESTRICTED TRUST FUND BUDGET
(with Summaries of All Operating Funds FY 1982 - FY 1984)

Introduction

I. The chart presented under TAB A provides an overview of the FY 1983 unrestricted Trust fund budget, projected FY 1982 and estimates for FY 1984 through FY 1988. Figures shown for FY 1982 - FY 1988 are the same as those indicated in the Five-Year Prospectus FY 1984 - FY 1988.

IIa. The tables presented under TAB A include all unrestricted Trust funds exclusive of Special Purpose funds.

The FY 1983 Trust budget is essentially a hold even budget, adjusted for inflation. In developing this budget, every effort was made to hold down costs since substantial uncertainty exists regarding the effects of general economic conditions on income projections. In FY 1983, overall net income from all unrestricted sources is projected to have a modest increase of \$720,000, from the 1982 projected income level of \$11,517,000 to \$12,237,000.

The General Unrestricted Trust fund budget approved for FY 1983 is extremely tight. The overall Institution's budget shows a deficit of \$111 thousand which emphasizes the overall stringency of the FY 1983 outlook. Essentially, expenses have been held down to the FY 1982 level. Generally, the only administrative increases allowed are for pay costs of current staff and for uncontrollable items such as rent, utilities and the new payroll-personnel system. In addition, the Special Events allotments were reduced to one-half of the FY 1982 level. All salary and benefit requests have been reduced to reflect the anticipated 4 percent general pay raise in October, 1982 compared with the 5 percent previously anticipated. The procedure currently in effect to require rejustification of vacant positions before a replacement is authorized will continue.

The FY 1983 budget provides for the continuation of Institutional priority programs such as Collections Acquisition, Scholarly Studies and Education Program (\$2,200,000) an increase of \$200,000 over FY 1982; Quadrangle Development (\$1,500,000); Cooperative Education Program (\$125,000); and transfers to the Endowment (\$2,021,000). The Fellowships and Visiting Scholars Program is funded at a level of \$1,209,000, an increase of \$97,000 over FY 1982. The FY 1983 budget includes an estimated \$428,000 in revenues expected to be generated and transferred from the National Air and Space Museum (NASM) Special Purpose funds to the General Unrestricted funds.

IIb. Under TAB B, the monthly breakdown of the FY 1983 General Unrestricted Trust fund budgeted revenues and expenditures is displayed. This breakdown will assist in monitoring and reviewing individual unit's adherence to the budget during the fiscal year.

III. The Summaries of All Operating Funds FY 1982 - FY 1984, shown under TAB C, include a listing of Smithsonian funds by name and number for each bureau (excluding non-operating funds such as construction, foreign currency and endowment principal). The "Expenditures by Fund Category" for each organization summarizes the expenditures in FY 1982 - FY 1984 by fund category--Federal, General (Administrative, General Fund Allotment and Auxiliary Activities), Special Purpose (Special Purpose - Bureau Activity and Special Purpose - Other), Restricted (Endowments, Gifts and Foundation Grants), and Federal Grants and Contracts. The information in TAB C, which is also in agreement with the five-year forecast of expenditures for FY 1984 - FY 1988, consists of projected income and expenses for FY 1982, FY 1983 budget and FY 1984 estimates. In a few cases, adjustments are noted which reconcile the numbers in the unit's submission to the Five-Year Prospectus.

Final Congressional action on the FY 1983 Federal budget has not yet occurred. Until passage of an FY 1983 Appropriations Bill, it is assumed the Institution will be operating under the terms of a Continuing Resolution. TAB C reflects the FY 1983 request to Congress.
