- 1898--Notes on two specimens of Hypsirhina sieboldii. Journal, Bombay Natural History Society, 11:732-734.
- 1899--Notes on 26 specimens of the Pohur or Himalayan Viper (Ancistrodon himalayanus). Ibid, 12:411-414.
Two unusual specimens of Tropidonotus stolatus. Ibid, 12:765.
Notes on a very unusual specimen of Simotes violaceus or possible new species. Ibid, 12:766-768.
- 1900--Parturition of an Echis carinata. Ibid, 13:184.
With G. H. Evans. Occurrence of Dipsas cyanea in Burma. Ibid, 13:188.
With G. H. Evans. Incubation of a brood of Zamenis mucosus. Ibid, 13:189-190.
With G. H. Evans. Occurrence of Python molurus in Burma. Ibid, 13:190-191.
With G. H. Evans. Notes on Ophidia collected in Burma from May to December 1899. Ibid, 13:343-354.
With G. H. Evans. Notes on two specimens of Lycodon fasciatus. Ibid, 13:372-373.
Notes on the breeding of Tropidonotus piscator. Ibid, 13:373-374.
- 1901--Notes on Dipsas multimaculata in captivity. Ibid, 13:534-535.
With G. H. Evans. Occurrence of Tropidonotus himalayanus in Burma. Ibid, 13:537.
With G. H. Evans. On the occurrence of Simotes splendidus in Burma or a probable new species. Ibid, 13:537.
With G. H. Evans. Burmese snakes. Notes on specimens including 45 species of Ophidian fauna collected in Burma, 1900. Ibid, 13:611-620.
The distinguishing characteristics between poisonous and non-poisonous snakes. Ibid, 14:93-102.
- 1902--Aids to the differentiation of snakes. Ibid, 14:337-345.
Extraordinary magnitude of a snakes meal. Ibid, 14:375-376.
- 1903--A prodromus of the snakes hitherto recorded from China, Japan, Loo Choo Islands. Proceedings of the Zoological Society of London, 1903:84-102.
- 1904--Cannibalism in snakes. Journal, Bombay Natural History Society, 15:524-525.
The food of the common krait (Bungarus candidus). Ibid, 15:706.
Occurrence of a rare sea snake (Distira gillespieae) on the Malabar coast. Ibid, 15:723-726.
- 1905--Description of two new snakes from upper Burma. Ibid, 16:235-236.
Description of a new snake from Burma, Oligodon mcdougalli. Ibid, 16:251-252.
Notes on the snakes collected in Connanore from 5th November 1903 to 5th August 1904. Ibid, 16:292-317.
The breeding of Russell's Viper. Ibid, 16:374-375.
Double headed snakes. Ibid, 16:386-388.
Notes on some Bangalore snakes. Ibid, 16:389-394.
Egg-eating cobras. Ibid, 16:395.

- 1905--A popular treatise on the common Indian snakes. Journal, Bombay Natural History Society, 16:533-554.
 Double headed snakes. Ibid, 16:752.
 Notes on snakes collected at Hakgalla, Ceylon. Spolia Zeylanica, 3(10):144-147.
 Notes on a collection of snakes from Japan and the Loo Choo Islands. Proceedings of the Zoological Society of London, 2:511-517.
- 1906--A popular treatise on the common Indian snakes. Journal, Bombay Natural History Society, 17:1-9.
 A new snake (Melanelaps mcphersoni) from the Aden hinterland. Ibid, 17:27-28.
 A new himalayan snake (Lycodon mackinnoni). Ibid, 17:29-30.
 The poisonous snakes of India and how to recognise them. Ibid, 17:51-71.
 A popular treatise on the common Indian Snakes. Ibid, 17:259-273.
 The poisonous snakes of India and how to recognise them. Part II. Ibid, 17:299-333.
 The snake and its natural foes. Ibid, 17:375-396.
- 1907--A new krait from Oudh (Bungarus walli). Ibid, 17:608-611.
 Some new Asian snakes. Ibid, 17:612-618.
 Snake-bite inflicted by Melanelaps mcphersoni. Ibid, 17:807-808.
 Reduction in the species of the genus Polyodonophis. Suppression of P. subpunctatus. Ibid, 17:823-824.
 A popular treatise on the common Indian snakes. Ibid, 17:857-869.
 Suppression of Melanelaps mcphersoni. Ibid, 17:995.
 The poisonous snakes of India and how to recognise them (Correction). Ibid, 17:995-996.
 Encounter between a snake and a lizard. Ibid, 17:1017-1018.
 Hatching of Zamenis mucosus eggs, and observations on the egg tooth. Ibid, 17:1033-1035.
 Tuctoo and snake. Ibid, 17:1035.
 A popular treatise on the common Indian snakes. Ibid, 18:1-17.
 Notes on snakes collected in Fyzabad. Ibid, 18:101-129.
 Ovoviviparous habit of the painted tree snake (Dendrophis pictus). Ibid, 18:189.
 Peculiar progression of a cobra (Naia tripudians). Ibid, 18:209-210
 Extension of the habitat of the sand snake (Psammophis leithii). Ibid, 18:203.
 Viviparous habit of the false Himalayan viper (Psammodynastes pulverulentus). Ibid, 18:204.
 Remarks on the embryology of a snake. Ibid, 18:205-206.
 On the Hydrophidae in the Colombo Museum. Spolia Zeylanica, 4(16):166-172.
 Occurrence of the Indian snake Lycodon striatus, in Ceylon. Ibid, 4(16):174.
 The common Indian krait, Bungarus candidus, in Ceylon. Ibid, 4(16):174-176.
 Remarkable snake fatality. Ibid, 4(16):176.
 Reports on a collection of Batrachia, Reptiles and Fishes from Nepal and the Western Himalayas-Ophidia. Records of the Indian Museum, 1(2):155-157.
 A case of Viperine snake-poisoning: recovery. Indian Medical Gazett, 42(11):1-4.

- 1907--The poisonous terrestrial snakes of our British Indian Dominions. Bombay 1907.
- 1908--A popular treatise on the common Indian snakes. Journal, Bombay Natural History Society, 18:227-243.
 Two new snakes from Assam. Ibid, 18:272-274.
 Notes on a collection of snakes from the Khasi hills, Assam. Ibid, 18:312-337.
 Remarks upon the snake Contia angusticeps. Ibid, 18:501-502.
 Notes on the incubation and brood of the Indo-Burmese snake-lizard or slow worm (Ophisaurus gracilis). Ibid, 18:503-504.
 Viviparous habit of the common Indian skink (Lygosoma indica). Ibid, 18:505.
 Remarks on the Agamoid lizard (Ptyctolaemus gularis). Ibid, 18:505.
 Remarks on the Agamoid lizard (Calotes jerdonii). Ibid, 18:505-506.
 A popular treatise on the common Indian snakes. Ibid, 18:527-553.
 Extension of the range of the snake Zamenis florulentus. Ibid, 18:689-690.
 A popular treatise on the common Indian snakes. Ibid, 18:711-735.
 Remarks on some recently acquired snakes. Ibid, 18:778-784.
 A new pit viper of the genus Ancistrodon. Ibid, 18:792-794.
 Notes on a collection of snakes from Persia. Ibid, 18:795-805.
 A new variety of the common whipsnake (Dryophis mycterizans). Ibid, 18:919.
 Abnormal scales in the snake Zamenis mucosus and Dipsadomorphus trigonatus. Ibid, 18:919.
 Notes on a gravid female of Siebold's watersnake (Hypsirhina sieboldii). Ibid, 18:920.
 Remarks on Simotes splendidus. Records of the Indian Museum, 2(1):105-106.
 The poisonous terrestrial snakes of our British Indian Dominions. Bombay 1908.
- 1909--A popular treatise on the common Indian snakes. Journal, Bombay Natural History Society, 19:87-106.
 A new colour variety of Maclelland's coral snake (Callophis maclellandi) and extension of the habitat of this species. Ibid, 19:266.
 Notes on two casualties from the sawscaled viper (Echis carinata). Ibid, 19:266-267.
 Remarks on snake notes in the last journal (No. 4, Vol. XVIII.). Ibid, 19:267-269.
 A popular treatise on the common Indian snakes. Ibid, 19:287-298.
 Notes on snakes from the neighbourhood of Darjeeling. Ibid, 19:337-357.
 Extension of the habitat of the common kukri snake (Simotes arnensis). Ibid, 19:532-533.
 Discovery of a second specimen of the rare snake Oligodon elliotti. Ibid, 19:533.
 A popular treatise on the common Indian snakes. Ibid, 19:555-563.
 Notes on snakes collected in upper Assam. Ibid, 19:608-623.
 Notes on a collection of snakes from Matheran. Ibid, 19:756-757.
 Notes on a collection of snakes made in Baxa Dooars. Ibid, 19:757-758.

- 1909--A monograph of the sea snakes. Memoirs of the Asiatic Society of Bengal, 2(8):169-251.
 Remarks on some little known Indian ophidia. Records of the Indian Museum, 3(2):145-150.
 Remarks on some forms of Dipsadomorphus. Ibid, 3(2):151-155.
- 1910--A popular treatise on the common Indian snakes. Journal, Bombay Natural History Society, 19:775-792.
 A new blind snake from the western Himalayas. Ibid, 19:805-806.
 Notes on snakes collected in upper Assam. Part II. Ibid, 19:825-845.
 Notes on snakes collected in the Jalpaiguri district. Ibid, 19:897-900.
 A new snake from Assam, Oligodon erythrorhachis. Ibid, 19:923-924.
 Extension of the habitat of the sand snake (Eryx jaculus). Ibid, 19:1000.
 A second specimen of the snake Oligodon erythrogaster from the eastern Himalayas. Ibid, 19:1000-1001.
 A variety of the common cobra (Naja tripudians) from Chitral. Ibid, 19:1001-1002.
 A popular treatise on the common Indian snakes. Ibid, 20:65-79.
 Remarks on the varieties and distribution of the common green whipsnake (Dryophis mycterizans). Ibid, 20:229-230.
 Notes on the viviparous habit of Jerdon's pit viper (Lachesis jerdoni) and observations on the foetal tooth in the unborn embryo. Ibid, 20:231-234.
 A new Tropidonotus from the Chin hills. Ibid, 20:345-346.
 The importance of correctly identifying poisonous snakes. Ibid, 20:521.
 A fatal case of viperine poisoning. Ibid, 20:522-523.
 Varieties of the common green whipsnake (Dryophis mycterizans). Ibid, 20:524.
 Remarks on some recently acquired Ceylon snakes. Spolia Zeylanica 7(25):35-38.
- 1911--A popular treatise on the common Indian snakes. Journal, Bombay Natural History Society, 20:603-633.
 Notes on a brood of young sea snakes (Distira spiralis, Shaw). Ibid, 20:858-863.
 A popular treatise on the common Indian snakes. Ibid, 20:933-953.
 Remarks on the snake collection in the Quetta museum. Ibid, 20:1033-1042.
 A new snake, Simotes juglandifer, hitherto unrecognized as a distinct species. Ibid, 20:1162-1164.
 A popular treatise on the common Indian snakes. Ibid, 21:1-19.
 Reptiles collected in Chitral. Ibid, 21:132-145.
 A new snake from the western Himalayas, Trachischium quinquelabialis. Ibid, 21:201-202.
 Remarks on two rare blind snakes. Ibid, 21:278-279.
 On the occurrence of the snake Dipsadomorphus nuchalis Beddome in Berhampur Orissa. Ibid, 21:279.
 Is Lycodon gammiei (Blanford) an aberrant specimen of Lycodon fasciatus (Anderson). Ibid, 21:279-280.
 Remarks on the greater and lesser black kraits (Bungarus niger and B. lividus). Ibid, 21:281-283.
 The development of embryo in the eggs of the oviparous viper, Lachesis monticola, prior to oviposition. Ibid, 21:284-285.

- 1912--A new Tropidonotus from the Chin hills (T. venningi). Journal, Bombay Natural History Society, 21:345.
 A popular treatise on the common Indian snakes. Ibid, 21:447-475.
 A new snake Psammodphis triticeus from Baluchistan. Ibid, 21:634-636.
 The food of the snake Rhabdops bicolor. Ibid, 21:686.
 The breeding of the false Himalayan viper (Psammodynastes pulverulentus). Ibid, 21:686.
 Breeding of Maclelland's coral snake (Callophis maclellandi). Ibid, 21:693.
 A popular treatise on the common Indian snakes. Ibid, 21:1009-1021.
- 1913--A popular treatise on the common Indian snakes. Ibid, 22:22-28.
 A popular treatise on the common Indian snakes. Ibid, 22:243-259.
 A rare snake, Elachistodon westermanni, from the Jalpaiguri district. Ibid, 22:400-401.
 On the common (Bungarus caeruleus) and Sind kraits (Bungarus sindanus). Ibid, 22:401-403.
 An unusually large sea snake (Distira brugmansii). Additional notes. Ibid, 22:404.
 Some new snakes from the Oriental region. Ibid, 22:514-516.
 A popular treatise on the common Indian snakes. Ibid, 22:550-568.
 Varieties of Hemibungarus and Hydrophis torquatus. Ibid, 22:638-639.
 Notes on some interesting snakes recently presented to the Society. Ibid, 22:639.
 The poisonous terrestrial snakes of our British Indian dominions (including Ceylon) and how to recognise them, with symptoms of snake poisoning and treatment. 3rd Ed. Bombay. 149pp.
- 1914--A popular treatise on the common Indian snakes. Journal, Bombay Natural History Society, 22:749-760.
 The common and Sind kraits (Bungarus caeruleus and sindanus). A correction. Ibid, 22:808.
 A popular treatise on the common Indian snakes. Ibid, 23:34-43.
 Occurrence of Cantor's watersnake (Cantoria violacea) in the Andamans. Ibid, 23:166.
 A new snake of the genus Tropidonotus from the eastern Himalayas (Tropidonotus firthi). Ibid, 23:166-167.
 A new snake from Baluchistan (Dipsadomorphus jollyi). Ibid, 23:167-168.
 Remarks to show that snake hitherto known as Zamenis mucosus has been misplaced and should be included in the genus Zaocys. Ibid, 23:168-169.
 Are the snake Oligodon travancoricus Beddome and O. venustus Jerdon entitled to specific distinction. Ibid, 23:169-170.
 Are not the snakes, Simotes theobaldi (Gunther) and Simotes beddomii (Boulenger), one and the same species? Ibid, 23:170-171.
 A popular treatise on the common Indian snakes. Ibid, 23:206-215.
 A remarkable specimen of the wart snake (Chersydrus granulatus). The sea snake Hydrophis caeruleus Shaw. Ibid, 23:373.
 Remarks on the seasnakes in our societies collection. Ibid, 23:374-377.
 Occurrence of the snake Melanophidium punctulatum in the western Ghats. Ibid, 23:377.
 Notes on a gravid Echis carinata. Ibid, 23:377-378.
 A gravid Lachisis gramineus. Ibid, 23:378.
- 1918--Notes on a gravid Hydrophis cyanocinctus and her brood. Ibid, 25:174.
 A popular treatise on the common Indian snakes. Ibid, 25:375-382.

- 1918--Occurrence of the tree snake in Kumaon (Dendrophis pictus).
 Journal, Bombay Natural History Society, 25:509.
 Notes on a collection of sea-snakes from Madras. Ibid, 25:599-607.
 A popular treatise on the common Indian snakes. Ibid, 25:628-632.
 Notes on the breeding of the rasp-skinned water snake Chersydrus granulatus Schneider. Ibid, 25:756.
 A popular treatise on the common Indian snakes. Ibid, 26:89-97.
- 1919--A popular treatise on the common Indian snakes. Ibid, 26:430-437.
 Notes on a collection of snakes made in the Nilgiri hills and the adjacent Wynaad. Ibid, 26:552-584.
 A popular treatise on the common Indian snakes. Ibid, 26:803-810.
 The rudimentary hind limb in an embryo of Python molurus. Ibid, 26:862.
 Notes on the snake Trirhinopholis nuchalis Boulenger. Ibid, 26:863.
 A gravid specimen of the snake Cylindrophis maculatus Linné.
 Ibid, 26:863.
 Reply to Dr. M. Smith's remarks in the last journal. Ibid, 26:864.
 Note on some recent additions to our society's snake collection.
 Ibid, 26:865-867.
 A 17 scales krait (Bungarus caeruleus) from Bangalore. Ibid, 26:1046.
 Notes: Viviparous habit of the snake Cylindrophis maculatus (Linné).
 Spolia Zeylanica, 11(42):314.
 A case of viper poisoning. Indian Medical Gazette, 54(6):9pp.
 Snake venom as a therapeutic agent. Ibid, 59(9):2pp
 A case of Daboia poisoning. Ibid, 54(9):6pp.
- 1920--Suppression of the name of the snake described by me as Oligodon evansi. Journal, Bombay Natural History Society, 27:175.
- 1921--A new snake from the family Uropeltidae. Ibid, 28:41-42.
 Notes on some notable additions to the Bombay N. H. S. snakes collection. Ibid, 28:43-44.
 Notes on some Ceylon snakes. Spolia Zeylanica, 11(43):396-403.
 Notes on some Ceylon snakes recently acquired by the Colombo Museum.
 Ibid, 11(43):405-406.
Phayrea isabellina Theobald re-described. Records of the Indian Museum, 22(2):109-110.
 Research on Indian species of Dendrophis and Dendrelaphis. Ibid, 22(2):151-162.
 Remarks on a specimen of Calamaria javanica. Ibid, 22(4):729.
 Ophidia Taprobanica or the Snakes of Ceylon. Colombo. 581pp.
- 1922--Notes on some lizards, frogs, and human beings in the Nilgiri Hills. Journal, Bombay Natural History Society, 28:493-499.
 Hatchling cobras (Naia tripudians) with remarks on oodont, genéitalia etc. Ibid, 28:553-556.
 Aquisition of four more specimens of the snake Brachyophidium rhodogaster Wall. Ibid, 28:556-557.
 Note on a collection of snakes from Shembaganur, Palni hills.
 Ibid, 28:1141.
 A review of the Indian species of Amblycephalus. Records of the Indian Museum, 24(1):19-27.
 A new snake from the northern frontier of Assam. Ibid, 24(1):29-30.

- 1923--Snakes and Leeches. Journal, Bombay Natural History Society, 29:302-303.
 A hand list of snakes of the Indian Empire. Ibid, 29:345-361.
 Notes on a collection of snakes from Shembaganur, Palni hills.
 Ibid, 29:388-398.
 Notes on a collection of snakes from Sinlum Kaba. Ibid, 29:466-468.
 A hand list of snakes of the Indian Empire. Ibid, 29:598-632.
 A review of the Asiatic species of Contia in the Indian Museum.
 Ibid, 29:769-779.
 The affinities of Eryx jaculus and Eryx johni. Ibid, 29:842-843.
 Notes on the snakes collected on Annasigalla Estate from August
 1920 to December 1921. Spolia Zeylanica, 12(46):252-270.
 A review of the Indian species of the genus Oligodon suppressing
 the genus Simotes. Records of the Indian Museum, 25(3):305-354.
 How to identify the snakes of India. Karachi. 56pp.
- 1924--A hand list of snakes of the Indian Empire. Journal, Bombay
 Natural History Society, 29:864-878.
 A hand list of snakes of the Indian Empire. Ibid, 30:12-24.
 The Hamadryad or king cobra (Naja hannah Cantor). Ibid. 30:189-195.
 Notes on Ceylon snakes collected by M. W. W. A. Phillips. Spolia
 Zeylanica, 13(1):71-83.
 Notes on two specimens of the sea snake Lioselasma lapemidoides
 (Gray). Ibid, 13(1):89-92.
 Reply to Miss Procter's remarks on the snake Brachyophidium
rhodogaster Wall. Annals and Magazine of Natural History
 including Zoology, Botany and Geology, 14(9):200.
- 1925--A hand list of snakes of the Indian Empire. Journal, Bombay
 Natural History Society, 30:242-252.
 Two new Burmese snakes. Ibid, 30:587-588.
 A new snake from Burma. Ibid, 30:734.
 Notes on the snakes collected in Burma in 1924. Ibid, 30:805-821.
 The snake Natrix venningi (Vennings keelback). A correction.
 Ibid, 30:921.
 A case of Echis carinatus (?) poisoning. Failure of calcium as a
 therapeutic agent. Death in 86 1/2 hours. Indian Medical
 Gazette, 60:470-471.
- 1926--The reticulate python (Python reticulatus Schneider). Journal,
 Bombay Natural History Society, 31:84-90.
 Snakes collected in Burma in 1925. Ibid, 31:558-566.
- 1928--The poisonous terrestrial snakes of our British Indian Dominions,
 (including Ceylon) and how to recognise them. 4th Ed. Bombay.
 149pp.
