18 this Act unless such assessments and the basis therefor are
19 presented to the Committees on Appropriations and are ap-
20 proved by such committees.

21 SEC. 311. Employment funded by this Act shall not be
22 subject to any personnel ceiling or other personnel restriction
23 for permanent or other than permanent employment except
24 as provided by law.

1 SEC. 312. Funds provided for land acquisition in this
2 Act may not be used to acquire lands for more than the ap-

4 Public Law 91-646) except for condemnations and declara-
5 tions of taking, without the written approval of the Commit-
6 tees on Appropriations.

7 SEC. 313. Notwithstanding any other provisions of law,
8 the Secretary of the Smithsonian Institution, the Secretary of
9 the Interior and Secretary of Agriculture are authorized to
10 enter into contracts with State and local governmental enti-
11 ties, including local fire districts, for procurement of services
12 in the presuppression, detection, and suppression of fires on
13 any units within their jurisdiction. In addition, any contracts
14 or agreements with the jurisdiction for fire management serv-
15 ices listed above which are previously executed shall remain
16 valid.

17 SEC. 314. Except as expressly provided for by law,
18 none of the funds appropriated by this Act shall be obligated
19 to dispose, except by exchange, of any Federal land tract
20 until such time as the agency responsible for administering
21 the disposal of the tract has specifically identified the tract as
22 no longer being needed by the Federal Government; inven-
23 toried the tract as to its public benefit values; provided oppor-
24 tunity for public review and discussion of the tract proposed
25 for disposal; and provided 30 days advance notice of the tract

10 SEC. 315. No part of any appropriation contained in, or

16 amended) which is in excess of 14 per centum higher than
17 the rate per square foot established for space and services by
18 the General Services Administration for the fiscal year 1982.

19 (159) SEC. 316. *The Senate finds that the Forest*
20 *Service's proposal of March 15, 1983, to consider six million*
21 *acres of the national forest for possible sale has met with*
22 *considerable opposition; and the national forests are an im-*
23 *portant part of the national heritage of the United States;*
24 *and the national forests provide and protect important re-*
25 *sources; and the national forests provide unique opportunities*

1 *for recreation; and it is inconsistent with past management*
2 *practices to dispose of large portions of our national forests.*
3 *It is, therefore, the sense of the Senate that it is not in the*
4 *national interest to grant the authority to sell significant*
5 *acreage of the national forest until such time as the Forest*
6 *Service specifically identifies the tracts which are no longer*
7 *needed by the Federal Government; inventories the tracts as*
8 *to their public benefit values; provides opportunities for*
9 *public review and discussion of the tracts; and completes all*
10 *necessary environmental assessments of such sales.*

11 **(160)** *SEC. 317. Notwithstanding any other provision*
12 *of law, the Secretary of the Interior is authorized and shall*
13 *seek to acquire the private lands described in section 505(a)*
14 *of the Act of November 10, 1978 (92 Stat. 3467), by credit-*
15 *ing a surplus property account, to be established in the name*
16 *of each landowner, in the amount of the acquisition price for*
17 *such landowner's lands. The National Park Service shall*
18 *update the existing appraisals for the parcels and, based on*
19 *the approved appraised values, shall negotiate with the land-*
20 *owners for acquisition prices. Each owner may, using such*
21 *credits in his surplus property account, bid, as any other*
22 *bidder for surplus property, wherever located, in accordance*
23 *with the Federal Property and Administrative Services Act*
24 *of 1949. The Administrator of the General Services Admin-*
25 *istration shall establish each landowner's surplus property*

1 *account and shall adjust the credits in such accounts to re-*
2 *flect successful bids under this section. Title to the lands de-*
3 *scribed in this section shall pass to the Government at the*
4 *time of establishment of the surplus property accounts. The*
5 *credits in any of the surplus property accounts may be trans-*
6 *ferred or sold in whole or in part at any time by the landown-*
7 *er to any other party, thereby vesting such party with all the*
8 *rights of the landowner, and after such transfer, the landown-*
9 *er shall notify the Administrator of the transfer. At any time*
10 *the Secretary may purchase the balance of any surplus prop-*
11 *erty account subject to the availability of appropriated funds.*

12 **(161)** *SEC. 318. Any reference in any law, order, or*
13 *regulation, including this Act, to the—*

14 *(1) Institute of Museum Services shall be deemed*
15 *to refer to the National Endowment for Museums;*

16 *(2) the National Museum Services Board or the*
17 *Museum Services Board shall be deemed to refer to the*
18 *National Endowment for Museums Board; and*

19 *(3) the Director of the Institute when such refer-*
20 *ences refers to the Director of the Institute of Museum*
21 *Services shall be deemed to refer to the Director of the*
22 *National Endowment for Museums.*

23 **(162)** *SEC. 319. Notwithstanding any other provision*
24 *of law, the Secretary of the Interior (hereinafter in this Act*
25 *referred to as the "Secretary") is hereby authorized to convey*

1 to Mitchell School District in Scotts Bluff County, Nebras-
2 ka, all right, title, and interest, except as provided herein, to
3 a tract of land consisting of 20 acres, more or less, more
4 particularly described as the west half southwest quarter
5 northwest quarter section 17, township 23 north, range 55
6 west, sixth principal meridian. Conveyance of such right,
7 title, and interest shall be upon the condition that the Mitch-
8 ell School District shall simultaneously convey without cost,
9 an easement right on certain of the above-described lands to
10 the Pathfinder irrigation District for the purpose of operating
11 and maintaining irrigation canals, laterals, or drains-related
12 storage works of the North Platte project, a Federal reclama-
13 tion project. The Mitchell School District shall pay the fair
14 market value of the lands as of the date of the conveyance,
15 including administrative costs, as determined by the Secre-
16 tary. In determining the fair market value of the lands, the
17 Secretary shall recognize the existence of the easement right
18 to be granted to the Pathfinder Irrigation District and shall
19 not include the value of any improvements made on or to the
20 lands by the Mitchell School District or its predecessors.
21 Withdrawals from the public domain as they pertain only to
22 the lands described in this paragraph under Secretarial
23 Orders of February 11, 1903, and July 24, 1917, for pur-
24 poses of the North Platte Project, are revoked by conveyance

1 of the rights, title, and interests as set forth in this para-
2 graph.
