

BEE FLIES OF THE BRITISH VIRGIN ISLANDS
(DIPTERA: BOMBYLIIDAE)

NEAL L. EVENHUIS AND SCOTT E. MILLER
Bishop Museum, Box 19000-A, Honolulu, HI 96817-0916

Heretofore no bee flies have been recorded from the British Virgin Islands (BVI) (Evenhuis, 1983, 1992). Survey work for other insects in the BVI by The Conservation Agency from 1984 to 1993 has recorded 6 species of bee flies from a total of 9 islands. The intensity of survey has varied considerably from island to island. Guana Island

This article is from *Florida Entomologist Online*, Vol. 77, No. 3 (1994).
FEO is available from the Florida Center for Library Automation gopher (sally.fcla.ufl.edu)
and is identical to *Florida Entomologist* (*An International Journal for the Americas*).
FEO is prepared by E. O. Painter Printing Co., P.O. Box 877, DeLeon Springs, FL. 32130.
