beauty of the scene was the slope of the avenue from the to the water, and of the water. Some of the finest views in the world were from the little pier that juts out into the Atlantic. The view is a unique one, and it is worth the trip to see it. The pier is located at the entrance of the harbor, and it offers a stunning view of the ocean and the surrounding area. The pier is also a popular spot for fishing, and it is not uncommon to see people fishing off the end. The view from the pier is truly breathtaking, and it is a must-see for anyone visiting the area.

The next day, we went on a boat tour around the bay. The boat was a small, wooden boat, and it was perfectly suited for the calm waters. We traveled through the bay, and we were able to see some of the most beautiful sites in the area. One of the highlights of the tour was the lighthouse, which is located on a small island in the bay. The lighthouse is a beautiful structure, and it is a great example of the architecture of the area. We also saw a variety of wildlife, including dolphins and sea birds. The tour was a great way to see the bay, and it was a wonderful way to end our trip to Cape Cod.
