

STRI NEWS

TO ALL STRI STAFF

We would like to express our feelings of appreciation to all the staff members of STRI who assisted us during our recent review. Their very busy time was given in good spirit and without exception their cooperation was outstanding. We realize that the time just before Treaty Day and the weeks following were extremely busy, anxious, and uncertain days for all. It is our hope that the results of the review will be ready by the first of the year and that a report will be circulated to all staff members shortly thereafter.

Again many thanks for your fine cooperation, which made our work all the more easy and pleasurable.

Harold J. Michaelson and Rose Simons
