-While in India to attend the International Conference on Environmental Education, Dr. Michael Robinson was one of the 20 delegates who met for an hour-long visit with Premier Indira Ghandi.

-A sad note: Dr. Duke Campbell, well-known by some of the STRI staff members, died on Saturday, December 12th.

"There is something fascinating about science. One gets such wholesale returns of conjecture out of such a trifling investment of fact"

Mark Twain, Life on the Mississippi (1874)
