

NEW BOOK BY STRI AUTHORS

The first copy of The Behavior and Natural History of the Caribbean Reef Squid, *Sepioteuthis sepioidea* by MARTIN MOYNIHAN and ARCADIO F. RODANICHE was received this week. The book, which is part of the series ADVANCES IN ETHOLOGY published by Verlag Paul Parey, is the result of many years of field work by the authors, and is beautifully illustrated.

LIBRARY NEWS

Copies of the Library's List of Serial Publications have been distributed for use at BCI, Galeta, Naos and Tivoli. After revision and correction, the Library plans to distribute this publication more liberally so that each scientist may have a copy.

P.S. Congratulations to Angel Aguirre

LIBRARY NEWS (Cont.)

who compiled the 58-page list and to Dr. Carol Jopling who edited the Serial Publications List which will greatly aid library users.

255 visitor signatures were logged for the month of July---an increase of 60 over the previous two months.

SAD NOTE

We extend our condolences to Pedro Gonzalez for the recent loss of his wife.

REMINDER

There will be no staff meeting this month, since most of the staff members will be on leave or attending scientific meetings.

OTHER BITS OF NEWS

-The first roof thrust of the new Library building is in place---for those of us that are not too architecturally informed, this means that the beams for the library roof have been placed.
